THEXRA ENTERPRISE SOLUTIONS

SOLUTION PROPOSAL

Client: Metro Urban Developm... **Project:** Metro Urban Development Authority - Government S...

Date: October 9, 2026

1. Executive Summary

This executive proposal outlines the deployment of Interactive Display — THEXRA View (Government Edition) for Metro Urban Development Authority to solve critical operational bottlenecks.

2. Client Challenge

Metro Urban Development Authority faces significant bottlenecks in Government zoning reviews because physical foam scale models and static 2D PDF blueprints fail to convey spatial scale, traffic impact, and environmental context to non-technical stakeholders, resulting in prolonged deliberations and repeated redesign cycles.

3. Project Objectives

Accelerate public zoning approval cycles by 50% and reduce design revision rounds for 1-50 City council & Urban planners within 3-6-months.

4. Proposed Solution

THEXRA replaces physical foam scale models and static 2D PDF blueprints with high-fidelity, interactive 3D digital zoning presentations accessible via multi-touch displays, enabling City council & Urban planners to simulate infrastructure impacts dynamically during public hearings.

5. User Experience

Intuitive spatial interface engineered specifically for City council & Urban planners (1-50 active users), accelerating user onboarding and minimizing operational learning curves.

6. Solution Architecture

An enterprise touchscreen platform integrating municipal GIS and 3D architectural datasets for collaborative zoning reviews tailored for Metro Urban Development Authority in Government.

7. Scope of Work

Delivery of customized THEXRA platform to automate physical foam scale models and static 2D PDF blueprints for Metro Urban Development Authority.

8. Deliverables

Configured THEXRA Government Review Software
Chamber Display Management Dashboard
Operational Runbooks

9. Implementation Plan

Phase 1: Discovery & Architecture
Phase 2: Spatial Customization
Phase 3: Integration & Testing
Phase 4: Final Deployment

10. Timeline

3-6-months

11. Assumptions

1. Key stakeholder availability for bi-weekly milestone sign-offs.
2. Sandbox environment API credentials provided during Phase 1.

12. Optional Add-ons

1. Premium 24/7 SLA Technical Support
2. Advanced Custom Analytics Dashboard
3. On-Site Staff Training Workshops

13. Next Steps

Schedule a 30-minute technical scoping review for Metro Urban Development Authority.
