THEXRA ENTERPRISE SOLUTIONS

SOLUTION PROPOSAL

Client: Metro Urban Developm... **Project:** Metro Urban Development Authority - Government S...

Date: October 9, 2026

1. Executive Summary

This executive proposal outlines the deployment of AR — THEXRA Spatial Vision (Government Enterprise Edition) for Metro Urban Development Authority to solve critical operational bottlenecks.

2. Client Challenge

In the Government sector, Metro Urban Development Authority faces significant operational bottlenecks characterized by "Stakeholders struggle to visualize civil infrastructure impacts from 2D blueprints during public zoning reviews.". This issue stems directly from reliance on Physical foam scale models and static 2D PDF blueprints, which severely hampers throughput and scales errors.

3. Project Objectives

Transition Metro Urban Development Authority away from Physical foam scale models and static 2D PDF blueprints by deploying an enterprise spatial ecosystem, specifically targeted to achieve "Accelerate public zoning approval cycles by 50% and reduce design revision rounds." for City council & Urban planners (1-50) within a 3-6-months timeline.

4. Proposed Solution

Custom THEXRA AR spatial framework designed specifically for Metro Urban Development Authority. It digitizes and automates Physical foam scale models and static 2D PDF blueprints into an interactive, real-time spatial workflow that directly resolves "Stakeholders struggle to visualize civil infrastructure impacts from 2D blueprints during public zoning reviews.".

5. User Experience

Intuitive spatial interface engineered specifically for City council & Urban planners (1-50 active users), accelerating user onboarding and minimizing operational learning curves.

6. Solution Architecture

Integrated cloud-native and spatial edge framework custom-engineered for Metro Urban Development Authority.

7. Scope of Work

Turnkey delivery of customized THEXRA platform engineered to eliminate Stakeholders struggle to visualize civil infrastructure impacts from 2D blueprints during public zoning reviews. for Metro Urban Development Authority.

8. Deliverables

THEXRA Spatial App Access
Admin Analytics Portal

9. Implementation Plan

Phase 1: Discovery & Architecture
Phase 2: Spatial Customization
Phase 3: Integration & Testing
Phase 4: Final Deployment

10. Timeline

3-6-months

11. Assumptions

1. Key stakeholder availability for bi-weekly milestone sign-offs.
2. Sandbox environment API credentials provided during Phase 1.

12. Optional Add-ons

1. Premium 24/7 SLA Technical Support
2. Advanced Custom Analytics Dashboard
3. On-Site Staff Training Workshops

13. Next Steps

Schedule a 30-minute technical scoping review with THEXRA architects and Metro Urban Development Authority leadership.
