1. Executive Summary

Regenerate Delete

This executive proposal outlines the deployment of Interactive Display — THEXRA View (Government Edition) for Metro Urban Development Authority to solve critical operational bottlenecks.

2. Client Challenge

Regenerate Delete

Metro Urban Development Authority faces low public engagement and alignment during public zoning reviews because stakeholders struggle to comprehend complex civil infrastructure impacts when presented solely on static 2D blueprints.

3. Project Objective

Regenerate Delete

Deploy an accessible interactive visualization solution within 3-6-months to allow 1-50 active users and public participants to clearly interpret zoning plans.

4. Proposed Solution

Regenerate Delete

THEXRA View deploys large-format, high-resolution interactive touch and gesture displays to transform 2D architectural blueprints into intuitive 3D civil infrastructure models for public zoning reviews.

5. Target Users

Regenerate Delete

Planning committee members, municipal zoning officials, and public stakeholders (1-50 active users)
