THEXRA ENTERPRISE SOLUTIONS

SOLUTION PROPOSAL

Client: BioPharma Global Labs **Project:** BioPharma Global Labs - Healthcare Solution Proposal

Date: October 12, 2...

1. Executive Summary

This executive proposal outlines the deployment of VR — THEXRA View (Healthcare Edition) for BioPharma Global Labs to solve critical operational bottlenecks.

2. Client Challenge

BioPharma Global Labs faces severe contamination risks, suit wear, and chemical wastage because in-person physical shadowing inside active level-3 cleanrooms exposes controlled production environments to uncertified personnel during training.

3. Project Objectives

Achieve 100% compliance on sterile protocol audits and a 70% reduction in cleanroom suit degradation for 1-50 Cleanroom Lab Technicians & QA Auditors within 3-6-months.

4. Proposed Solution

Deploy an immersive virtual reality simulation environment that replicates level-3 cleanroom procedures, allowing technicians to master sterile gowning and chemical handling without entering active physical facilities.

5. User Experience

Intuitive spatial interface engineered specifically for Cleanroom Lab Technicians & QA Auditors (1-50 active users), accelerating user onboarding and minimizing operational learning curves.

6. Solution Architecture

A cloud-integrated enterprise VR training platform streaming interactive sterile protocols to standalone headsets with automated compliance evaluation.

7. Scope of Work

Delivery of customized THEXRA VR platform to replace in-person physical shadowing inside active level-3 cleanrooms for BioPharma Global Labs.

8. Deliverables

THEXRA View Level-3 Cleanroom Application
QA Audit Reporting and User Management Portal

9. Implementation Plan

Phase 1: Discovery & Architecture
Phase 2: Spatial Customization
Phase 3: Integration & Testing
Phase 4: Final Deployment

10. Timeline

3-6-months

11. Assumptions

1. Key stakeholder availability for bi-weekly milestone sign-offs.
2. Sandbox environment API credentials provided during Phase 1.

12. Optional Add-ons

1. Premium 24/7 SLA Technical Support
2. Advanced Custom Analytics Dashboard
3. On-Site Staff Training Workshops
