# THEXRA ENTERPRISE SOLUTIONS

SOLUTION PROPOSAL

**Client:** Nexus Retail Fashion Gr... **Project:** Nexus Retail Fashion Group - Retail Solution Proposal

**Date:** October 12, 20...

## 1. Executive Summary

This executive proposal outlines the deployment of AR — THEXRA View (Retail Edition) for Nexus Retail Fashion Group to solve critical operational bottlenecks.

## 2. Client Challenge

Nexus Retail Fashion Group faces severe revenue and margin losses in Retail due to high online clothing return rates caused by inaccurate sizing and fit expectations, stemming directly from reliance on static 2D size charts and subjective customer reviews that fail to convey realistic garment fit.

## 3. Project Objectives

Deploy a scalable digital sizing solution to achieve a 25% reduction in product returns and a 15% boost in online checkout conversion for over 1,000 active E-Commerce Shoppers within a 1-3-month timeline.

## 4. Proposed Solution

THEXRA View replaces static 2D size charts and inconsistent reviews with an interactive augmented reality visual overlay, allowing online shoppers to visualize true-to-scale garment draping and personalized sizing directly on their devices before purchasing.

## 5. User Experience

Intuitive spatial interface engineered specifically for E-Commerce Shoppers (1000+ active users), accelerating user onboarding and minimizing operational learning curves.
