THEXRA ENTERPRISE SOLUTIONS

SOLUTION PROPOSAL

Client: Heritage National Muse... **Project:** Heritage National Museum - Tourism Solution Proposal

Date: October 12, 20...

1. Executive Summary

This executive proposal outlines the deployment of AR — THEXRA View (Tourism Edition) for Heritage National Museum to solve critical operational bottlenecks.

2. Client Challenge

Heritage National Museum struggles with visitor engagement bottlenecks because fragile historical artifacts must remain locked inside static glass display cases with small printed text labels, preventing large crowds and tour groups from closely inspecting artifact details or accessing dynamic historical context.

3. Project Objectives

Achieve a 40% increase in visitor satisfaction scores and extended average visit duration for Museum Visitors & Tour Groups (1000+ active users) within a 1-3-month deployment timeline.

4. Proposed Solution

Deploying THEXRA View to augment traditional glass display cases with interactive AR digital replicas, allowing visitors to examine, rotate, and interact with delicate historical artifacts in high-definition 3D directly on mobile screens or AR viewers.

5. User Experience

Intuitive spatial interface engineered specifically for Museum Visitors & Tour Groups (1000+ active users), accelerating user onboarding and minimizing operational learning curves.

6. Solution Architecture

A cloud-managed spatial AR architecture streaming interactive 3D artifact models and storytelling overlays directly to visitor devices upon visual marker detection.

7. Scope of Work

Delivery of customized THEXRA View platform to modernize glass display cases with interactive AR artifact inspection for Heritage National Museum.

8. Deliverables

THEXRA View Tourism Application
Curatorial Content Management Portal
Visitor Analytics Dashboard

9. Implementation Plan

Phase 1: Discovery & Architecture
Phase 2: Spatial Customization
Phase 3: Integration & Testing
Phase 4: Final Deployment

10. Timeline

1-3-months

11. Assumptions

1. Key stakeholder availability for bi-weekly milestone sign-offs.
2. Sandbox environment API credentials provided during Phase 1.

12. Optional Add-ons

1. Premium 24/7 SLA Technical Support
2. Advanced Custom Analytics Dashboard
3. On-Site Staff Training Workshops
